

Stamped & Decorative Concrete Sealer 400A

Our Knowledge is ConcreteSM

- Specially formulated to seal stamped and decorative concrete
- Non-bubbling formula – Does not create bubbles from fast-evaporating solvents
- Slower evaporating than traditional low-VOC products
- 200% to 300% longer working time during application
- Less prone to blushing and whitening from over-application
- VOC compliant in OTC and LADCO states
