

Great Cities are Built by World Class Contractors, And They Rely on ChemMasters[®]

ChemPatch[™] RS Rapid Setting, Multi-Functional Repair Mortar

USES

- Repairs above or below grade, interior or exterior, horizontal, vertical, or overhead
- Precast panels, steps, columns, beams, concrete pipe
- Repairs to formed walls such as snap-tie or spreader holes, cracks, honeycombs
- Curbs, walkways, handrails, cornices, lintels, sills

ADVANTAGES

- Eliminates forms for many applications
- May be shaved or molded
- Light concrete color blends well
- Minimizes downtime on restoration projects

TECHNICAL DATA

Set Times ASTM C191 / Vicat Method @ 72°F (22°C)

Set	Minutes
Initial	18 to 24
Final	30 to 40
Remains Shavable	Up to 30
Accepts Foot Traffic	2 to 4 hours

Compressive Strength ASTM C109

Days	psi	MPa
1	3,250	22
7	4,600	32
28	6,300	43

Bond Strength ASTM C882 Modified

Days	psi	MPa
7	1,550	10.7
28	2,200	15

Scaling Resistance ASTM C672

Cycles	% loss
25	0

Packaging / Product Number

50 lb (22.7kg) bags

56 per pallet
