LUMBER COATINGS

Polyseal™ Lumber Shield

Wax Emulsion End Sealer for Freshly Cut Logs & Lumber

- Excellent coverage over many wood surfaces
- Tough, durable finish for use on various grades of lumber
- Great for use on hardwood and softwood lumber bundles
- Enhanced sealing of freshly cut logs and lumber prevents up to 90% of drying splits
- Can be brush, roll or spray applied
- Non-Seasonal year-round formula
- Apply to fresh cut hardwood or softwood logs, lumber, and mats to prevent damage to ends from checks and splits
- Pigmented Versions Available

Lumber Marking Paint

Premium Water-based Marking Paint

- Can be brush, roll or spray applied
- Prevents stains and fungal growth on ends of freshly cut logs and lumber
- Custom colors available
- High quality and easy identification of your company brand and export or species identifiers
- Non-Seasonal year- round formula
- Ultra-low odor
- Water-based, non-hazardous and easy soap and water cleanup
